A source says Kris is "in shock" and "turned off by the whole thing."

Bruce's mom says she was surprised at first, but she's totally supportive of her son.

BRUCE'S TRANSITION

A HOUSE DIVIDED

BEHIND THE SCENES, THE KARDASHIAN-JENNER FAMILY STRUGGLES WITH THE REALITY THAT BRUCE JENNER IS BECOMING A WOMAN

As reports circulated last week that **Bruce Jenner** will confirm his gender transition in a sit-down interview with ABC News' **Diane Sawyer** this spring, his family publicly rallied, with **Kim Kardashian** telling *Entertainment Tonight* that he's the happiest she's ever seen him, and his mother, **Esther Jenner**, saying she's "never been more proud" of her son.

But behind the scenes, sources say, reality TV's first family is not totally hunky-dory with the news. **Khloé Kardashian** stands firmly behind her stepdad, with whom she's always been close — so much so that she lets him raid her closet! "Some of her dresses fit him perfectly," says the source of the

statuesque beauty, who at 5'10" stands closest among the girls to Bruce's 6'2". "They've had a lot of long talks about what he's going through."

'[KRIS] EX-HUSBAND IS ABOUT TO BE HER EX-WIFE'

Khloé's sensitive brother, **Rob Kardashian**, however, is struggling to process the change, as are Bruce's daughters **Kendall** and **Kylie Jenner**. And while Kim and hubby **Kanye West** say they back Bruce all the way, in private the rapper has admitted he might find it awkward hanging with Bruce in public after his transition is complete.

Still, the family wants to be as supportive as possible, and they've even taken to watching the hit Amazon show *Transparent*, about a family patriarch who becomes a woman later in life, to help them understand Bruce's situation. "Kendall and Kylie, especially, take comfort in the show," says the source. "It's helping them find empathy for Bruce."

The one family member who's decidedly not on-board: Ex-wife **Kris Jenner**. "Kris always knew that Bruce had a feminine side," says a source, "but she's struggling to come to terms with the fact that her former husband and father of two of her children is about to become her ex-wife."

THE LATEST CELEB NEWS

INSIDER

"Demi can be very insecure, so Rumer didn't want to rock the boat if she didn't have to," says an insider.

RUMER BETRAYS DEMI!

Don't expect any mother-daughter dates for **Demi Moore** and **Rumer Willis** anytime soon! *OK!* has learned that despite Demi's desperation to remain a part of ex-hubby **Ashton Kutcher's** life, Rumer is in fact the one who got to meet his baby girl, **Wyatt**, 4 months. "Rumer and Ashton were always very close, and she is genuinely happy that his dreams of fatherhood have come true," says a source. While **Mila Kunis** opted

to not be present, the source adds that she was completely on board with the covert get-together. "Mila isn't threatened by Rumer and was more than happy to let her visit," shares the insider. "But she feels that Demi has caused a lot of unnecessary drama and thinks allowing her to meet Wyatt would be inappropriate."

So it's no surprise that Rumer decided to keep the meeting a secret, for fear of upsetting her mom. "Rumer knows Demi still hasn't gotten over

what happened with her marriage to Ashton, which could explain why she's so insistent on being part of Wyatt's life," shares the source. "That's why she decided it would be best to keep the experience to herself."

As for whether there's any chance that Demi will get to meet baby Wyatt herself one day, the source says chances are slim: "Ashton was relieved that Mila was so cool with Rumer coming over, but he knows he can only expect a certain amount of understanding."

TAYLOR A PAIN ON SHOOTS

She may pal around with the modeling elite, but **Taylor Swift** is far from model material. Insiders tell *OK!* that the pop star is notoriously difficult to work with on photo shoots! “She always has an issue with what stylists pick for her to wear and wants to change things up,” says the source. Unlike some of her musical peers, Taylor is also far from inspired in front of the camera.

“Photographers love working with **Miley Cyrus**, because she just instinctually knows how to move,” says the source. “But Taylor is stiff and cold, forcing them to direct her every move.” So much for getting down to this sick beat.

“Taylor always has an attitude and is never happy with the results,” says a source.

GWYNETH FISHING FOR AN INVITE

Less than two years after asking her A-list pals to boycott *Vanity Fair* magazine as it was preparing a less-than-flattering profile on her, **Gwyneth Paltrow** is reportedly reaching out to those same friends in hopes of scoring an invite to the mag’s annual Oscars bash. “*Vanity Fair* is extremely picky about its guest list, and after the stunt she pulled over the article, the only way she’s getting in is as a plus-one, if that,” says an insider. Since her movie *Mortdecai* was a flop, Gwyn knows she’s going to have to put her networking into overdrive to finagle an invite. “She’s doing everything in her power to get past the velvet ropes,” the source tells *OK!*

The last time Gwyneth attended the A-list affair was in 2012 (pictured).

WILL & JADA BAN THE JENNERS!

Will Smith and his wife, **Jada Pinkett Smith**, are known for their laid-back approach to parenting, but insiders reveal that there is one place they draw the line — and that’s hanging out with the **Jenners**! “Will and Jada were never fans of the **Kardashian** clan. But after learning about **Kendall** and **Kylie**’s recent antics, they don’t want **Willow**, 14, and **Jaden**, 16, associating with the girls anymore,” shares an insider. “At this point they feel that the entire reality TV family has built an empire on shock value — and they don’t want their kids to be pawns in a low-level fame game.”

Will and Jada’s disciplinary actions haven’t gone over well with Jaden, though. The teen has been friends with the Jenner girls for years and even dated **Kylie** for a bit. “They’re having a hard time convincing Jaden that they have his best interests at heart,” says the source. “He can’t understand why his parents suddenly don’t trust his judgment.”

“They say mingling with the Jenners could ruin the kids’ images,” says the source.

Kevin and Courteney had an affair 20 years ago.

MICHAEL & KEVIN'S SECRET FEUD

With **Kevin Costner** promoting his new film *Black or White* and **Michael Keaton**'s recent Academy Award nomination, the Hollywood vets are back in the limelight — and their long-simmering feud may boil over on Oscars night! According to sources, Michael still holds a grudge for the way that Kevin stole **Courteney Cox** from him back in 1995. Michael and Courteney had been dating for six years when Kevin — who had just divorced his first wife — had a passionate affair with the *Friends* beauty. “Michael was devastated,” dishes an insider. “Courteney was the love of his life. They had been talking about marriage and children. Kevin was only looking for a rebound romance.” While Kevin and Courteney’s fling was short-lived, the damage was done. “Michael and Courteney tried to reconcile, but to no avail,” shares the source. “He still resents Kevin — he’s the last person Michael wants to see on his big night.”

REESE'S DIVA ACT

Jim Toth may be the one who works at the Creative Artists Agency, but sources say that employees go running every time his wife, **Reese Witherspoon**, enters the building! “Whenever Reese visits Jim at work, it plays out like a scene from *The Devil Wears Prada*,” says an insider. “She doesn’t acknowledge any of the assistants and barks orders like she’s in charge!” As a result, CAA workers know to scatter whenever Reese drops by. “They’re terrified of rubbing her the wrong way,” adds the source.

“Reese intimidates CAA employees, so they bend over backward for her whenever she comes in,” says an insider.

“He darted out of the restaurant like a sprinter,” says the witness.

JARED'S FREAK- OUT

All eyes were on **Jared Leto** when he arrived at Katsuya restaurant in L.A. on Jan. 31 — or at least he thought they were! An eyewitness tells *OK!* that the actor shocked patrons with his disheveled appearance when he rushed inside and frantically demanded a table. “Jared was sweating and couldn’t get his words out fast enough, as if someone were chasing him,” says the source. “The staff explained that it would take a few moments to seat him, but he started yelling, ‘No, you don’t understand! There are people watching me!’” When the host offered to bring Jared into a private room, the witness claims that he simply kept pacing back and forth, muttering to himself. “Jared just kept repeating, ‘You don’t understand! You just don’t understand! They are right there!’ It was like he was having a nervous breakdown or something. He only left after he realized that he scared one of the diners.”

"Oprah thinks her network is the perfect place for them to hash things out," says the source.

OPRAH'S

JEN & ANGIE EXCLUSIVE

Between Lance Armstrong's doping confession, Ellen DeGeneres' coming out and Tom Cruise's couch-jumping incident, Oprah Winfrey has been behind some of the most talked-about interviews in daytime TV history. Now insiders tell *OK!* that the media mogul is plotting her biggest celebrity get yet: an on-camera sit-down between Jennifer Aniston and Angelina Jolie! "She's making it her mission to bring them together and put the bad blood to rest once and for all," reveals a source. "She thinks they're both amazing women and has spent a lot of one-on-one time with each of them, so she feels like she's in a perfect position to get Angie and Jen to finally make peace."

Of course, this isn't the type of booking that happens overnight. The source tells *OK!* that Oprah is working on it bit by bit, approaching Jen first because of their history together: Jen's first postdivorce TV interview took place on Oprah's couch in 2005. "Jen is actually open to the idea of a sit-down because she's all about moving forward with her life and letting go of any hard feelings," says the source. Angie, however, is a tougher nut to crack. "She doesn't see the point of bringing up the past," shares the source. "But Oprah's not giving up just yet."

SHANNEN ATTACKS JASON

Twins Brandon and Brenda Walsh always had each other's back on the hit TV drama *Beverly Hills, 90210*. But the actors who played them, Jason Priestley and Shannen Doherty, are still taking swipes at each other some 14 years after the show went off the air. Seething after Jason wrote about her diva behavior in his 2014 memoir, Shannen recently denied his assertions with a dig, telling reporters, "At some point everybody just needs to sell a book, right?" She even took it a step further, stating that the actor's memory may be shot from a 2002 auto racing accident in which he suffered substantial head injuries. Now a friend tells *OK!* that Jason is beside himself at Shannen's charge.

"He thought bringing up his horrific crash was a cheap shot and that Shannen has a chip on her shoulder," the source says.

"Shannen feels like Jason is just playing to old stereotypes," says a source.

Wrap your noggin around this: a heaping helping of pistachios has the same calories as a handful of potato chips. Pistachios are naturally cholesterol and trans fat free, a good source of protein and fiber, and heart-friendly. A recent Harvard study also suggests that eating nuts seven times a week or more is as healthy as it is smart. Which makes pistachios the sane choice when it comes to snacks.

Scientific evidence suggests but does not prove that eating 1.5 ounces per day of most nuts, such as pistachios, as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease. COUPLES NEW

Their wedding was perfect, but now it's time for the hard part: marriage.

Johnny Depp and Amber

Heard got hitched early this month, first at their home in Los Angeles and then in a larger ceremony on the private Bahamas island that Johnny, 51, owns, surrounded by 50 of their closest friends and family.

Guests including Johnny's kids, **Lily-Rose**, 15, and **Jack**, 12, dined on fresh fish and lobster and danced all night to a local band after watching Amber, 28, say "I do" in a stunning Stella McCartney gown. "Neither of them wanted anyone to know ahead of time, so it was quite a shock to friends, who only got a week's notice!" an insider says.

Everything from wine to flowers, tables, chairs, a chef and staff had to be flown down to the island, Little Hall's Pond Cay — a very pricey proposition! However, though they pulled the party off without a hitch, some friends of Amber and Johnny are quietly expressing concern about the couple's 23-year age difference.

"Amber loves the idea of being with 'Johnny Depp,' but that infatuation won't last forever," says a source. "And they've yet to have an honest conversation about kids."

Johnny's inner circle have their doubts too. "His close friends don't understand why they didn't just keep dating," says the source. "And no one knows if they have a prenup, but Johnny is in love, so they're happy for him."

"She's a wonderful girl, very good for me," Johnny has said of his new bride, but pals of the actor fear the marriage won't last.

Johnny & Amber's ISLAND WEDDING

Miley PAYS FOR PATRICK

Miley Cyrus is a real sugar mama! The superstar singer, 21, and her hunky beau, 22-year-old **Patrick Schwarzenegger**, live high on the hog — and Miley pays for everything. “Patrick almost never opens his wallet,” says a source close to the couple. “She hands him cash, and he settles the bill.”

The handsome couple have been inseparable since November, and the monthly tab is growing: \$25,000 for clothes, \$10,000 for dining and \$45,000 for travel. Miley even got a personal trainer for Patrick, which runs her another five grand each month.

She can afford it — the former Hannah Montana is worth about \$160 million. And while Patrick’s folks, **Arnold Schwarzenegger** and **Maria Shriver**, are worth more than double that, they stopped supporting Patrick when he turned 21... and he doesn’t have a job right now!

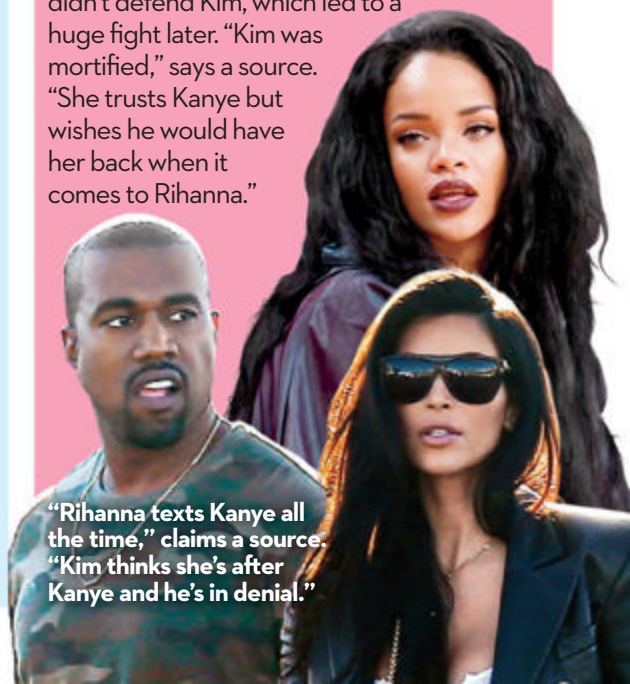

“Miley is happy to fork over money,” a source says. “She feels guilty that he’s essentially been cut off.”

Kim & Kanye AT ODDS OVER RIHANNA!

Kim Kardashian is a renowned sex symbol, but if there’s one woman who can make her jealous, it’s **Rihanna**. The self-proclaimed bad girl, famous for sexy selfies in her own right, has a new song and upcoming tour with Kim’s hubby, **Kanye West** — and their growing closeness has Kim on high alert.

After Kanye, 37, and Rihanna, 26, flirted their way through their duet at a Super Bowl party, Kim, 34, tried to play nice, approaching RiRi to compliment her outfit. But Rihanna completely blew her off!

A rep for Kim denies it, but a witness says, “It was so rude.” Even worse, Kanye didn’t defend Kim, which led to a huge fight later. “Kim was mortified,” says a source. “She trusts Kanye but wishes he would have her back when it comes to Rihanna.”

“Rihanna texts Kanye all the time,” claims a source. “Kim thinks she’s after Kanye and he’s in denial.”

James CONCERNED FOR KEIRA

Reportedly more than four months into her pregnancy, **Keira Knightley** is still stick-thin, and her hubby, **James Righton**, is doing everything he can to help her gain some weight.

“James has been feeding Keira day and night, making sure she’s eating healthily,” says a source close to the couple. “At first she was annoyed, but now Keira likes the fact that James is trying to be helpful.” But all James’ loving indulgence is having little effect: First-time mom Keira, 29, is slim all over — except for a tiny belly bulge. In fact, she still fits into most of her normal clothes!

Adam treats Anne like a queen — but she treats him like a personal assistant.

Adam ANNE'S GOFER!

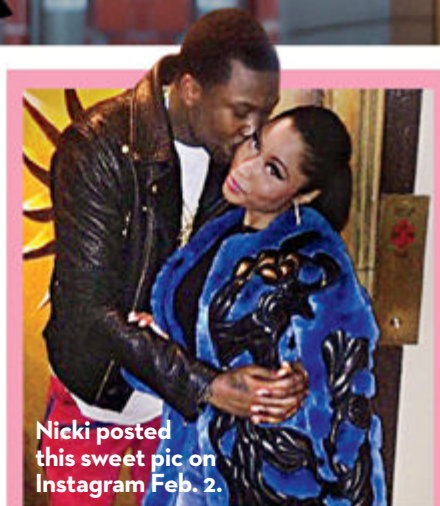

He brushes her hair, draws her bath, clips her toenails and is on call 24-7 for on-demand massages. **Anne Hathaway's** husband, **Adam Shulman**, 33, sounds like a dream, but friends are worried that he's too sweet for the good of their marriage — and he needs to grow a backbone.

"He acts more like a servant than like her husband," says a source. "He gets up early to iron her clothes and lays out her outfits with suggested accessories.

It's a little bit over the top."

The couple, married for more than two years, make it work, even though the power dynamic seems weighted in Anne's favor. Friends say that Anne, 32, doesn't take advantage of Adam, but things just aren't equal between them — and that could eventually spell trouble in the marriage.

"Adam tells people he's a jewelry designer, but his priority is Anne," says the source. "It's sweet, but he's in danger of losing his identity."

Nicki posted this sweet pic on Instagram Feb. 2.

Nicole & Keith MOVING TO HOLLYWOOD!

He's told dozens of singers that they're going to Hollywood, and now *American Idol* judge **Keith Urban** is heading there too. The country king, 47, his wife, **Nicole Kidman**, 47, and their girls, **Sunday**, 6, and **Faith**, 4, have lived primarily in Nashville for years, but they're going West — and it's not Nicole's idea. "Keith has been begging her to move to L.A.," says a source. "He misses his daughters when he's filming *Idol*."

Nicole was reluctant at first, because L.A. holds terrible memories of her collapsed marriage to **Tom Cruise**. But after Keith noted that the move could bring her closer to her adopted kids with Tom, she was sold. "That sweetened the pot enough for her to agree," says the source.

The couple will keep their place in Nashville, but they'll be full-time Angelenos soon.

Nicki's NEW MAN

Nicki Minaj's new guy sounds like trouble. Nicki, 32, has been seeing Philadelphia rapper **Meek Mill** since December.

"He's rough around the edges and thinks he has what it takes to keep up with her," says a source close to Nicki. But "rough" doesn't begin to describe Meek, 27. The rapper was busted for drug dealing and gun possession back in 2008, and he's been in and out of jail on parole violations ever since. Perhaps that's why Nicki's taking things slow.

"Nicki's keeping Meek at arm's length for now," says the source. "She doesn't want to rush it."

Sarah & Michael

ON THE ROCKS

It's not looking good for **Sarah Silverman** and **Michael Sheen**, and the reason is a familiar one: the ex-factor. Michael, 45, is still close with his former girlfriend, British actress **Kate Beckinsale**, with whom he has a daughter, 15-year-old **Lily**. And even though Kate is now married, Sarah, 44, can't deal with their friendship, so she's backing off from the relationship.

"Sarah isn't the jealous type, but she does feel like she's in the middle," reveals a longtime pal.

"Michael speaks to Kate a few times a day. It's just too weird for Sarah."

"Sarah knows she can't compete with the mother of Michael's child," says a source.

"They want their famous friends to guest star every week," says a source.

Chrissy & John's VARIETY SHOW!

Are **John Legend** and **Chrissy Teigen** the new **Sonny and Cher**? The lovebirds, who married in September 2013, have been looking for a way to work together and have finally decided on a project — an hour-long, family-friendly network variety show!

The show, which the pair hope to get off the ground by the end of the year, will feature music from John, 36, and comedy and cooking from Chrissy, 29. Their

friends **Kanye West** and **Kim Kardashian** have already agreed to guest star, so that they can show their lighter side.

"Chrissy and John want to be extremely hands-on," says a source close to the couple. "They think it'd be awesome to write scripts themselves. Chrissy wants to do stand-up — she has a list of knock-knock jokes at the ready. And she's told John she'll sing and dance too!"

SEPARATION, KHLOÉ
IS FOLLOWING HER
HEART BACK TO
LAMAR

After weathering a devastating breakup and enough drama to fill a romance novel, **Khloé Kardashian** and **Lamar Odom** are throwing another curve into their twisted love story: they're getting back together! Despite everything they've gone through following their monthlong courtship and quickie 2009 marriage — including Lamar's drug problems and trysts with other women, and Khloé's crushing depression over an inability to salvage the relationship — sources say Khloé, 30, and Lamar, 35, who've yet to divorce after she filed papers more than a year ago, have been meeting for secret rendezvous with the intent to reconcile.

"They've spent many nights together in the past couple of months," says a source, who claims that the late-night meetings take place at Calabasas' Hilton Garden Inn, a deliberately downmarket choice intended to avoid suspicion. "Lamar is so sorry for everything and is begging Khloé to take him back. He's been sober for six months and is determined to prove that he's a changed

HIS OTHER WOMEN

Reports of Lamar's cheating became all the more real when lawyer **Polina Polonsky** passed a lie detector test while detailing their six-week hotel affair. **Jennifer Richardson**, an L.A. entrepreneur, claimed that **Khloé** knew about her yearlong romance with **Lamar** and hired private investigators to bully her into ending the affair. "I was very, very intimidated and scared," she said at the time. "[Khloé's] constantly looking for Lamar and trying to find out where he is, calling him...Lamar would just hit 'ignore.'"

SHE JUST CAN'T QUIT HIM

For the past year, Khloé has been outwardly distraught — and conflicted — about ending her marriage. Throughout most of 2013, she remained fiercely protective of her hubby, even after earth-shattering bombs dropped on the relationship: revelations about his affairs with **Polina Polonsky** and **Jennifer Richardson**; allegations he abused crack and prescription drugs, amounting to an \$800-a-day habit; and even a DUI arrest. In October of that year, she addressed critics on Twitter with her decision to stand by her man. "You will never cut us, you

But the camel's back seemed to finally break after video was released of an out-of-sorts Lamar rapping about using drugs and cheating on Khloé. Suddenly, she was done covering for her husband,

admitting on *Keeping Up with the Kardashians* that she'd spent her birthday "in hiding... I had to lie and say I was with my husband, when in fact my husband was missing with another girl."

Khloé tried to prove that her life with Lamar was squarely in

WHAT DOES THE FAM THINK?

Khloé's dearest are torn over a possible reunion

Sources say **Khloé** has been relying on her family for advice. Her mom, **Kris Jenner**, thinks reconciling with **Lamar** would "obviously be great for the show's ratings, and she knows how happy Lamar used to make Khloé." Brother **Rob** is all for it, having kept in touch with Lamar independently of his sis. And while **Kourtney** has tried to stay out of it altogether, sources say **Kim** is vehemently

against the reunion: "She wants Khloé to be happy, but she truly believes it would be a mistake if they get back together."

"Khloé insists Lamar has changed, but Kim isn't sure," says a source.

Lamar's always had a fan in Kris.

the past by jumping into relationships with rappers **The Game** and **French Montana**, and selling the house she and Lamar had lived in. But sources say she remained wistful about the former NBA player and the bond

they'd shared, once considered, in her mind, "unbreakable." In a late 2014 episode of *KUWTK*, she defended how suddenly she'd started her relationship with French by insisting she'd dealt with heartache long enough. Finally, she admitted, "If I had my way, I'd still be married to Lamar!"

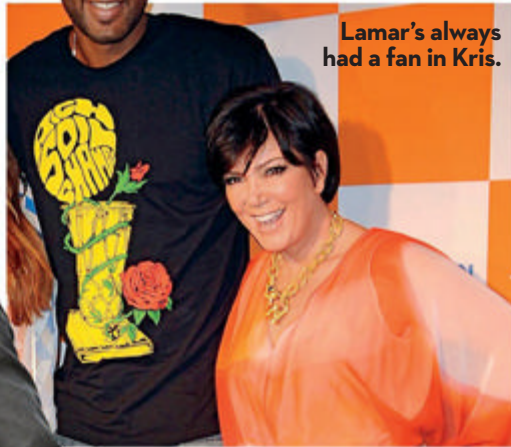

Sources predict she'll be getting her way very soon. Indeed, Lamar's intense campaign to win back Khloé's heart seems to be working. He's been sending love notes and flowers, including the bouquet that she posted to Instagram on Feb. 1. And he's agreed to focus on staying sober and healthy; a witness reports that he showed up for a nutritionist appointment on Jan. 29, and when the receptionist couldn't find him in the system, "he said the appointment was made for him by Khloé Kardashian." The witness adds that Lamar was "completely coherent and put together." It was definitely not the Lamar of the past. He looked like he was doing extremely well." And while Khloé has yet to invite Lamar to her house, their frequent meetings have warmed her to the idea of starting over with the man she's always loved. "Khloé's spent months being furious with Lamar," says a source. "But now she's falling back in love with him. Little by little, Lamar's working his way back into her life." **OK!**

HER BOYS ON THE SIDE

After splitting from **Lamar**, **Khloé** sought affection in new relationships with **The Game** and **French Montana**, but a source reveals that she never found what she craved: "Her other relationships were just a pit stop for her emotions. Those guys were what she needed at the time, but neither of them were Lamar."

FEARS FOR MARIAH

FOLLOWING **MARIAH CAREY'S**
LATEST LIP SYNCING DISASTER
FRIENDS WORRY THE SINGER
IS HEADED FOR A BREAKDOWN

She's made music history for her five-octave voice, but lately, **Mariah Carey** continues to hit low after low. Performing at the Jazz and Blues Festival in Jamaica on Jan. 30, the onetime pop powerhouse was recorded doing a painfully bad job of lip-syncing, even forgetting the lyrics to one of her biggest hits, "Fantasy." Now, with Mariah's summer Las Vegas residency at stake, insiders tell *OK!* that fears are mounting for the fragile singer, who is still coping with her messy divorce from **Nick Cannon**. In fact, her loved ones worry that she may be heading toward a breakdown so distressing that it could land her back in a psychiatric facility.

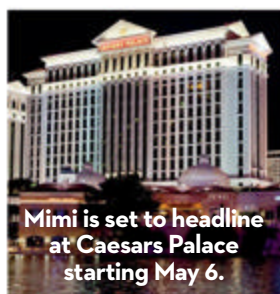

The singer's rep denies it, but a source says, "Mariah is panicking. She's terrified she won't live up to the hype that comes with headlining a show at Caesars Palace. Her behavior is completely unstable and her family is afraid that her 2001 psychotic episode could repeat itself."

BACKLASH BEGINS

Unfortunately, Mariah's concerns are not unwarranted. Her lip-sync fail at the Jazz and Blues Festival is just

the latest in a string of vocal snafus that have plagued the singer. Last October, Mariah was blasted for her dismal performance in Tokyo, where she kicked off her Elusive Chanteuse Show world tour. On Dec. 3, the isolated vocals from her live performance at the Rockefeller Center Christmas tree lighting ceremony were leaked online, making it alarmingly clear that she could no longer hit her signature high notes. A few days later, Mimi suffered a wardrobe malfunction and broke down in tears during a concert.

In a desperate bid to keep her vocal cords intact, a source tells *OK!*, Mariah, 45, has been downing cough syrup that contains

codeine. "Her team was against it, but Mariah insisted on getting a prescription for cough syrup," says the insider.

"She immediately went through the bottle and asked to get more, claiming she'd lost her prescription."

THE WRONG MEDICINE

Mariah's abuse of prescription meds doesn't come as a surprise to those who know her best. A former member of her entourage recently claimed that

Mimi's 2001 meltdown began with an impromptu strip-down on *TRL*.

the star drinks day and night, guzzling wine and champagne out of a ginger ale can and ordering her assistants to carry backpacks filled with booze in case she needs a refill.

The combination of alcohol and codeine could spell disaster for Mariah considering her history of mental illness. Following her split from Latin heartthrob **Luis Miguel** in 2001, Mimi's drinking spiraled out of control. She was hospitalized for a nervous breakdown that July after she was found in a hotel room bleeding from cuts to her body, including slits to her wrists.

"She's still devastated about losing Nick and now that she's realizing her voice is gone too, she's losing control," says a source. "Those closest to her are seriously considering staging an intervention, before there's a repeat of what happened in 2001 — or worse." **OK!**

“SHE KNOWS
THAT JOE IS
A CHEATER,”
SAYS TERESA’S
PRIVATE EYE

**WOMAN’S
INTUITION**
Teresa “has
doubts about
her husband,”
says Mark
Behar.

MOTHER LOAD Oldest daughter Gia, right, is helping with the family in Teresa’s absence. “We’ll get through this,” she has said.

TERESA Spying ON JOE!

LOCKED AWAY IN PRISON, A TROUBLED **TERESA GIUDICE** HAS HIRED A PRIVATE DETECTIVE TO CHECK UP ON HER HUSBAND AND DAUGHTERS

Just one month into her year behind bars, **Teresa Giudice** is more worried about what's happening on the outside than the inside — so much so that she's retained a private eye to report on her husband, **Joe Giudice**.

A rep for Teresa denies it, but **Mark Behar**, a personal protection specialist and bodyguard who claims he's worked for the *Real Housewives of New Jersey* star in the past, says, "She had a cousin call me. Teresa senses things are not right, and she wants to make sure the kids are OK."

COMPILING EVIDENCE

While a variety of scandals have dogged Joe, 42, for years — including the fraud for which the couple pled guilty in 2014 — Teresa, 42, has stood by her husband. Behind the scenes, though, "she knows that Joe is a cheater," says Behar. "Especially now that she's in jail — I wouldn't be surprised if he's a VIP at every strip club in Jersey."

Part of Behar's job is to get "as many pictures as possible," including photos of the Giudice house (which is on the market for \$3 million) and other properties Teresa "has an interest in." As for whether the reality star is accumulating evidence for a divorce suit, "she didn't say that, but this is what people do," Behar explains. "From what I gather, Joe wants out. But he's trying to save face in the media, because [he] can't be seen as a horrible father."

GIRLS, INTERRUPTED

Teresa's main concern is the welfare of the couple's four daughters: **Gia**, 14; **Gabriella**, 10; **Milania**, 8; and **Audriana**, 5. She has asked for details on "how they look, if they're eating and following their schedules," Behar says.

Gia, who is also mourning the sudden death last summer of her paternal grandfather, has been upbeat in interviews about her mom ("We can talk to her daily... It definitely helps with coping"), as well as her first prison

visit ("It's nothing like anyone would expect. It was fun!"). Yet some cracks have appeared in the teenager's façade. She recently released an emotional video for "Just 13," a song she wrote for her girl group, 3KT, that is full of family photos and lyrics like "Mama said be strong/So against this storm I stand through it all." And another trip to the prison in Danbury, Conn., reportedly ended with Audriana in tears — and a frustrated Joe leaving Gia to handle her sister's meltdown.

FACING THE TRUTH

Gia has had only praise for her dad, who will serve his 41-month sentence after Teresa's. "He's honestly the rock," she has said. But Behar, who calls Joe "very arrogant, like the boyfriend you never want," has heard a different story from Teresa. "She was like, 'All hell is going to break loose. Who knows what he's going to do now?'" That's exactly what she's trying to discover. **OK!**

OK! INVESTIGATES

Friends of the Houston family were wary of Nick's influence over Bobbi Kristina, telling a reporter in 2012, "He uses it to his advantage."

BOBBI KRISTINA

HER FAMILY BLAMES NICK

AS BOBBI KRISTINA BROWN MEETS A TRAGIC FATE, HER FAMILY CONDEMNS HER TROUBLED "HUSBAND"

Bobbi Kristina's aunt Pat believed Nick had "turned Krissy against the family."

The supposed husband of **Bobbi Kristina Brown**, **Nick Gordon**, has some explaining to do. As the only daughter of **Bobby Brown** and the late **Whitney Houston**

lay in a medically induced coma last week — after being discovered unconscious in her bathtub on Jan. 31 — sources produced damning information about Nick. An inside source claims, “Bobbi Kristina was pushed over the edge by her suspicions that Nick had been cheating on her with numerous women.”

The troubled young woman’s family members have had doubts about Nick for a while. The tech investor joined the tight-knit clan at 12 years old, when Whitney took him in and agreed to raise him as part of the family. But shortly after Whitney was found dead in a bathtub three years ago — having drowned after overdosing on cocaine — Bobbi Kristina, 21, and Nick, 25, rubbed many of their nearest and dearest the wrong way when they announced that they’d fallen in love and were engaged.

Bobbi Kristina’s grandmother, **Cissy Houston**, was livid, deeming the union “incestuous”; and her aunt, **Marion “Pat” Houston**, having long taken issue with Nick’s disrespectful attitude, filed a restraining order against him in 2014, after he threatened her husband, Whitney’s brother **Gary**. “The family has always disliked Nick,” says a source. “They didn’t like that Whitney took him under her wing when he was young, and they hated when he convinced Bobbi Kristina to start dating him.”

The family also disapproved of Nick’s friendship with Maxwell Lomas, Bobbi Kristina’s troubled ex-boyfriend; after being arrested last month and charged with drug and firearms possession, Max was with Nick in Bobbi Kristina’s Roswell, Ga., house when the two discovered her facedown in the bathtub.

Nick’s suspected infidelities, compounded by his loyalty to Bobbi Kristina’s drug-dealing ex, outraged the Houston family — especially given Bobbi Kristina’s history of drug use. Just after Whitney’s death, photographs surfaced of Bobbi Kristina allegedly smoking pot out of a three-foot-long bong; a year later, she was rushed to the hospital after mixing a sedative with alcohol.

Sources say Bobbi had been depressed in the months leading up to the third anniversary of her mom’s death, and was hardly in a position to confront the possibility that Nick wasn’t really in love with her. “She couldn’t handle another person using her for her money,” says an insider. “She’d seen it all her life, and believing

that Nick was cheating on her while stringing her along was a devastating blow to her confidence and self-worth.”

When Bobbi Kristina’s con-

dition took a turn for the worse — on Feb. 5 doctors reportedly told the family nothing more could be done to save her — her family started trying to piece together where things went wrong. “They believe Nick has answers about what happened to Krissy,” says an insider.

Tellingly, Bobby Brown’s lawyers released a statement — perhaps as a measure to limit Nick’s familial rights during Bobbi Kristina’s hospital stay — insisting that despite their marriage announcement on Twitter last year, Bobbi Kristina and Nick were never officially married.

“No one in the family approved of him or the relationship,” says an insider. “The family believes that Krissy was suicidal and that he contributed to her problems for his own gain. They think Nick has the capacity to be a master manipulator, and they don’t want him getting a dime of her money.”

Maxwell Lomas to the rescue? Bobbi Kristina’s ex, who’s been charged with multiple felonies, was with Nick when they found Bobbi Kristina in the tub.

Bobbi Kristina posted this message to Twitter on Jan. 29, two days before she was discovered unconscious.

LOOKING OUT FOR KRISSY

BOBBI KRISTINA’S FAMILY TRIED TO STEER HER ON THE RIGHT PATH

IT’S HIS PREROGATIVE

Sources say Krissy asked her dad for relationship advice. “She would confide in him... Bobby knows a bad egg when he sees one, and he disapproved of Nick.”

GRANDMA KNOWS BEST

The Houston and Brown families have long been at odds, but sources say Krissy’s decline renewed their solidarity.

Chris Pratt

It was love at first sight for Chris when he met **Anna Faris** in 2007. "I knew I wanted to marry her pretty soon [after I met her]," he says. "It took a while to admit it.... It would be crazy to be like, 'I want to marry you,' the first day. But I could have!" Now wed for five years, with a 2-year-old son, Jack, Chris is more in love than ever. The *Guardians of the Galaxy* heartthrob gushes, "I feel so lucky that the person I want to be around most, I get to be around most." And Anna proudly shows off her husband's affection — she posted on Instagram a photo of the pair kissing on the red carpet, captioned, "And this is why I love my husband who sweetly embarrassed me, makes me feel like the only girl in the world." In typical Chris fashion, he remains good-humored when it comes to the love of his life: "I'm pretty proud of myself. I had great taste!"

Justin Theroux

The debonair *Leftovers* star gets a "10 plus" on his boyfriend skills, according to fiancée **Jennifer Aniston**. "Justin's a good human being — and so funny!" Jen's said about her man. The two have been inseparable since he proposed to her with an 8-carat, emerald-cut diamond in 2012, and he continues to have her back, literally. "He'll massage her whole body after her workouts!" says an insider. Justin is also a superstar in the kitchen, making dishes so tempting that even superfit Jen can't resist. She recently said that Justin "cooks pasta amazingly!"

Adam Levine

"He is an amazing guy," model **Behati Prinsloo** says of her **Maroon 5** frontman husband. "He's just a normal dude. He's like the most non-rock-star rock star ever. And he is very caring and very loving and very goofy and funny." And the feeling seems very mutual. "She's the greatest ever," says Adam of his **Victoria's Secret Angel**. And he's a rock star in other ways: An insider says of the couple's sex life, "He always keeps things hot in bed!"

Ashton Kutcher

They became good friends as TV teenagers on *That '70s Show* — and 16 years later, Ashton continues to show his appreciation for fiancée and baby mama **Mila Kunis**. Declares Ashton, "The most amazing thing about having a baby is my partner, Mila. She's the greatest mom." Ashton keeps the romance fresh by planning unexpected dates. "He'll surprise her with tickets to a game or a reservation at her favorite restaurant," says a source. And Valentine's Day is no exception. "He always gets dozens of roses, chocolates and jewelry."

Channing Tatum

They met on the set of 2006's *Step Up*, and after five years of marriage and a baby, Channing remains enamored of wife **Jenna Dewan Tatum**. "Jenna puts everything in perspective for me," he says. "I'll find myself spinning out or angry, and she always ends up righting the ship." Channing also enjoys Jenna's goofy side. "Dance battles do sort of happen," he reveals. And while most husbands prefer their man caves to girl time, Channing doesn't seem to mind — when the pair got his-and-her pedicures, Jenna Instagrammed, "hubby does what I want him to!"

Nick Jonas

The former family bander has become one of Hollywood's top boyfriends. Nick's been dating **Miss Universe 2012 Olivia Culpo** since summer 2013, and he's still smitten with the Rhode Island-born beauty: His smash hit "Jealous" is all about her! He recalls, "One night, this guy was looking at her a little too long... and it was uncomfortable.... I decided, let me process this a different way and go into the studio." It was only fitting that Nick cast his "too sexy, beautiful" girlfriend in the music video.

Benji Madden

The tattooed rocker enjoys picking up roses for his bride **Cameron Diaz**. "He's a total sweetheart," says a source. "He never shows up empty-handed; he always tries to bring flowers, chocolates, anything he thinks she'd like." Benji is also ready to assist the often busy star. "Whether it's running last-minute errands or making her breakfast, he does whatever it takes to keep her happy," says the insider.

ALL ABOUT THAT BASS

He's always been a trailblazer, and Lance Bass isn't stopping now. The *NSYNCEr is one of music's most recognizable gay names, so who's a better choice to celebrate the first real gay marriage on American TV? OK! TV's

Jaymes Vaughan got the scoop from Lance and hubby Michael Turchin on *Lance Loves Michael: The Lance Bass Wedding* airing Feb. 5 on E!

"We're definitely looking to start a family," said Lance. "It's one of the reasons we made this commitment."

LuAnn predicted "a lot of verbal sparring" for next season.

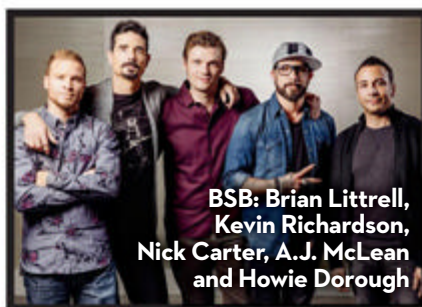

THE COUNTESS STAYS CLASSY

At Countess LuAnn de Lesseps' party to celebrate her *Resident* magazine cover and clothing line, OK! TV was after some dish on the new season of *RHONYC*—and the return of Bethenny Frankel. "There's no table flipping, but there will be lots and lots of drama," promised LuAnn.

MARLEY PLANTS A SEED

Like his famous late father, Bob, Ziggy Marley was living green before it was cool. That's why his Grammy-nominated album, *Fly Rasta*, comes with a pack of seeds.

"I want to get people back in touch with the Earth," Ziggy told OK! TV. "Plant something, and you have a relationship with the planet."

BSB: Brian Littrell, Kevin Richardson, Nick Carter, A.J. McLean and Howie Dorough

BOYS WILL BE BOYS

The new documentary *Backstreet Boys: Show 'Em What You're Made Of* exposes the band's 20-year history, warts and all, says Howie Dorough: "There were moments we wanted the cameras to go away, but, hey, we all signed up for this."

A Pill That Can Reshape Your Entire Body In 30 Days?

by Tiffany Strobel

As incredible as it sounds, groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge, and... last but not least... cause a significant loss of actual fat mass from all over your body. Has the “miracle pill” finally arrived?

It doesn't happen very often, but every once in a great while a new weight-loss product comes along that really gets me excited. And, the fact that I get to tell you about it before Dr. Oz features it on his super-popular TV show is “icing

Additionally, with respect to time, researchers observed a significant effect on the hunger hormone ghrelin as well as on satiety and desire to eat. The end result was that the specialized compound was shown to cause a significant

the day with a smile on your face (another added benefit). This unique formula has been exclusively licensed to Bremenn Clinical under the trade name Vysera®-CLS. And trust me on this... once you start taking it and see how quickly it transforms your entire body, you'll be a believer, too.

“It's sort of like eating a whole donut, but only absorbing a fraction of the calories...”

on the cake!” The product is called Vysera-CLS, and, unlike your run-of-the-mill “diet pill” that merely helps you lose weight (while following a strict low-calorie diet), Vysera can actually reshape your entire body... dropping inch upon inch of unsightly fat from your waist, hips, thighs and tummy... even if you're eating more than 2,000 calories a day! Some people are calling it a “miracle pill.” However, this “miracle pill” is backed by serious clinical research published in the highly respected *British Journal of Nutrition*.

The Power to Reshape Your Entire Body

While you and I only care about results (and the results are incredible), the scientists I've spoken to are even more excited about how this compound works.

So here we go. In a randomized, double-blind, placebo-controlled clinical trial, study subjects took the compound along with their main meal of the day. Thirty minutes later, they had a significantly lower percentage of blood glucose increment from baseline, a smaller increase in C-peptide and, forty-five to one hundred twenty minutes after they ate, subjects also experienced a smaller insulin increase compared to placebo.

reduction in body weight, fat mass, BMI, adipose tissue thickness, and waist/hip/thigh circumference while maintaining lean body mass.

So Here It Is In Plain English:

People who took this incredible compound not only lost weight, but lost a significant amount of squishy, flabby, unattractive body fat from those hard-to-target places we all hate: our hips, thighs and butt. It also caused a significant reduction in the amount of fat around the waist (yes, that means you can start saying goodbye to your love handles), helping study subjects achieve that tight, sexy, firm figure we all dream of. And the best part? The compound did all this on 2,000 to 2,200 calories a day! In other words, without requiring anybody to follow a low-calorie diet or work out for hours every day! Think of it this way... it's sort of like eating a whole donut, but only absorbing a fraction of the calories. How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.)

Where Can You Get It?

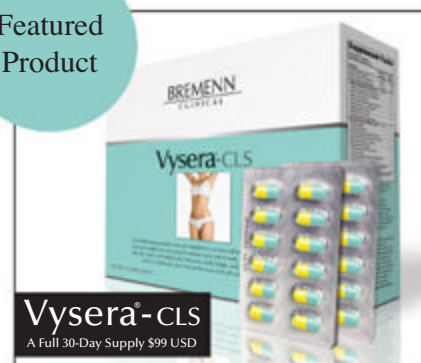

A company here in the USA has acquired the patented compound and added a proprietary mood-elevating, feel-good energy component to help eliminate diet fatigue and get you through

So What's The Catch?

It seems there's always a catch with “diet” pills... so what's the catch with Vysera? The price. A full 30-day supply of Vysera will cost you about \$100... in other words, don't go looking for it at your local Walmart. Vysera-CLS is currently available at all Ulta stores, Kohl's, and GNC. Over the next few months, it will be available on a limited basis at prestige retailers across the U.S. Having a hard time finding Vysera-CLS? Can't wait? You can order it directly from Vysera by calling 1-800-641-6592 or visit their website at VyseraCLS.com. Use promo code VYSERA161 at checkout and shipping is free!†

A WINNING ATTITUDE

THE COLOMBIAN BEAUTY, ON STAYING REAL AND MAKING NEW FRIENDS

A huge worldwide audience of 1 billion watched her win the crown at the 63rd annual Miss Universe Pageant in Miami — but **Paulina Vega**, 22, never faltered, relying on “just being me” to carry the day. “Being spontaneous and authentic is the most important thing,” says the former Miss Colombia, a business administration student who speaks Spanish, English and French. “What the world wants to see is the real person, not mascara or acting.”

As she embarks on her reign, which will include touring the world to educate people about her platform cause, HIV/AIDS prevention and treatment, Paulina talks about her experiences at one of the highest-rated Miss Universe pageants in history.

What's the biggest misconception about the Miss Universe Pageant?

People don't know what the winner does besides look beautiful, wear makeup and smile. We have a responsibility to represent the women of our state, our country, our world. After I won Miss Colombia, I was traveling around my country, raising funds for different charitable foundations. I learned so much about myself and Colombia, and now I'll travel the world!

Did you enjoy the competition?

It was great! I made friends with women from vastly different cultures. I think I have a home in every country in the world now because of that.

What about the selfie controversy between Miss Israel and Miss Lebanon?

It was upsetting. I don't understand why, if my country has a problem with another country, I can't take a selfie with them. That's unnecessarily political. They're young girls having fun, demonstrating tolerance and representing positive things about their countries.

Why did you make HIV your platform?

It's a very important topic today because we can fight it with prevention and education. If I'm able to help spread

the message that you need to be careful and know what to do in certain situations, then I can help the cause.

Are you single?

No, I have a boyfriend. He was at the pageant, but now he's back home in Colombia. I have no idea when I will see him again — maybe in, like, three months, when I travel back there. But when I do get back, the first thing I'll do is sleep!

OK!

A TIGHT CLIQUE

"There was competitiveness, but the girls were all very nice and professional," Paulina says. "We got along and helped each other. We were like friends at school."

FAMILY TIES

Paulina, who was born in Barranquilla and has four sisters and three brothers, started modeling at age 8.

WINNER'S CIRCLE

"The crown is very comfortable. I wear it to the supermarket and to Starbucks... I already showered with it on, of course!"

We can't get enough of Zacasha's tassel necklaces! OK! chatted with the brand's founder and designer, **Jennifer Belcourt**, about her colorful and addictive (you can't wear just one!) collection.

How did you start designing your line?

I was living in Bali for 12 years, and I became very inspired there.

Why tassels?

I got the idea from the [Cheech and Chong] movie *Up in Smoke*, where tassels lined the interior of Cheech's car.

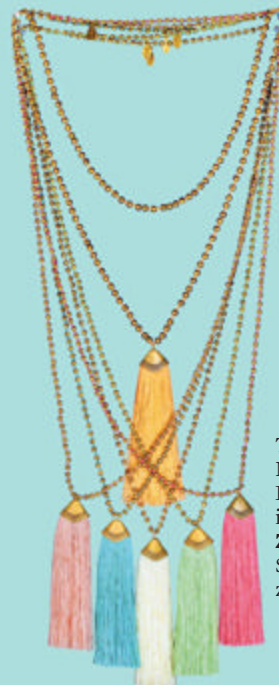

How should they be worn?

Layered — using two colors that complement each other.

What's your best advice for aspiring designers?

Have faith in what you do. Dream big. Don't be lazy. Do it because you love it. Believe in yourself.

PHILLIP BLOCH

A-list wardrobe stylist; worked with Oscar winners **Halle Berry** and **Nicole Kidman**

MARCUS FRANCIS

Suave Professionals hair stylist; coifs Oscar nominee **Julianne Moore** and **Lizzy Caplan**

DANIEL MARTIN

Dior celebrity makeup artist; clients include Oscar nominee **Felicity Jones** and **Jessica Alba**

WHO: HALLE BERRY

WHAT: Illusion bodice

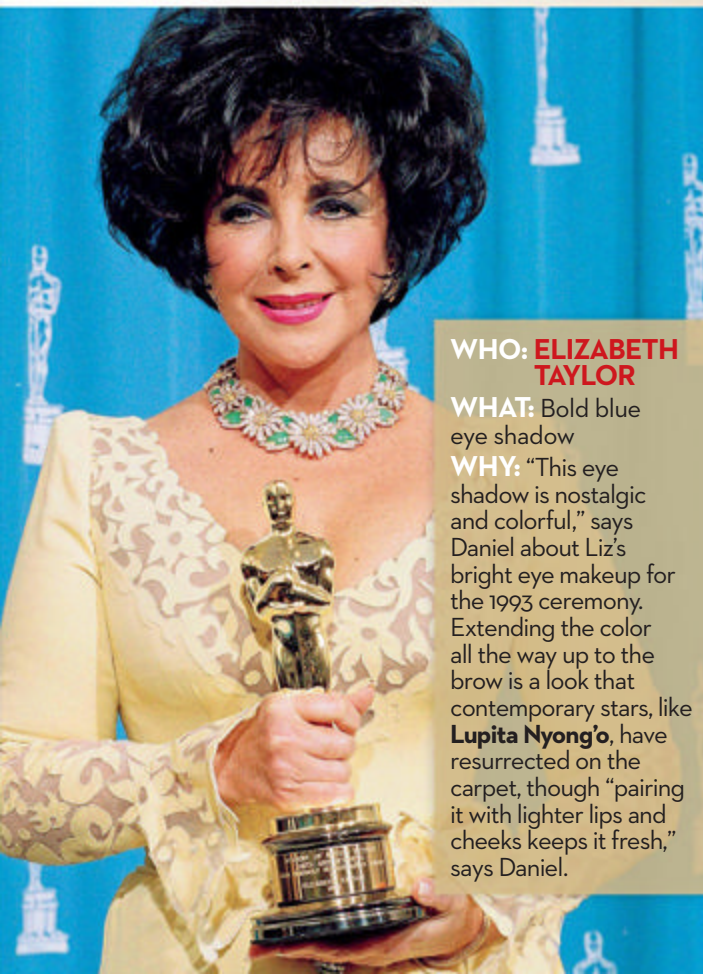

WHY: "It's a winner's dress," says Phillip, who dressed Halle in this Elie Saab gown for the 2002 Academy Awards. "I originally chose it for an Emmy-nominated actress who didn't want to wear it because she thought she was going to lose. Halle wore it and made history as the first African-American to win the Best Actress Oscar, for her performance in *Monster's Ball*."

WHO:
ANNE
HATHAWAY

WHAT: Pixie cut

WHY: "A crop like this can make the public see you differently," says Marcus about Anne's major cut, which she showed off at the 2013 ceremony. She won major praise – and Best Supporting Actress for *Les Misérables*.

WHO: **ELIZABETH**
TAYLOR

WHAT: Bold blue eye shadow

WHY: "This eye shadow is nostalgic and colorful," says Daniel about Liz's bright eye makeup for the 1993 ceremony. Extending the color all the way up to the brow is a look that contemporary stars, like **Lupita Nyong'o**, have resurrected on the carpet, though "pairing it with lighter lips and cheeks keeps it fresh," says Daniel.

WHO: **NATALIE**
WOOD

WHAT: Flirty lashes and winged liner

WHY: "Lashes as the focal accessory make this look contemporary even now," says Daniel about Natalie's eye makeup from 1968. "Because of YouTube and social media, women are more empowered than ever to experiment with tricky techniques like falsies and a cat eye."

WHO: **HILARY**
SWANK

WHAT: A backless dress

WHY: Hilary accepted her Best Actress Oscar in 2005 for her role in *Million Dollar Baby* wearing a Guy Laroche gown. "This dress is the epitome of effortless elegance," says Phillip. "Simple in the front with a party in the back, the style started a trend. I can see someone like **Julianne Moore** [Best Actress nominee for *Still Alice*] wearing it."

WHO: MICHELLE WILLIAMS

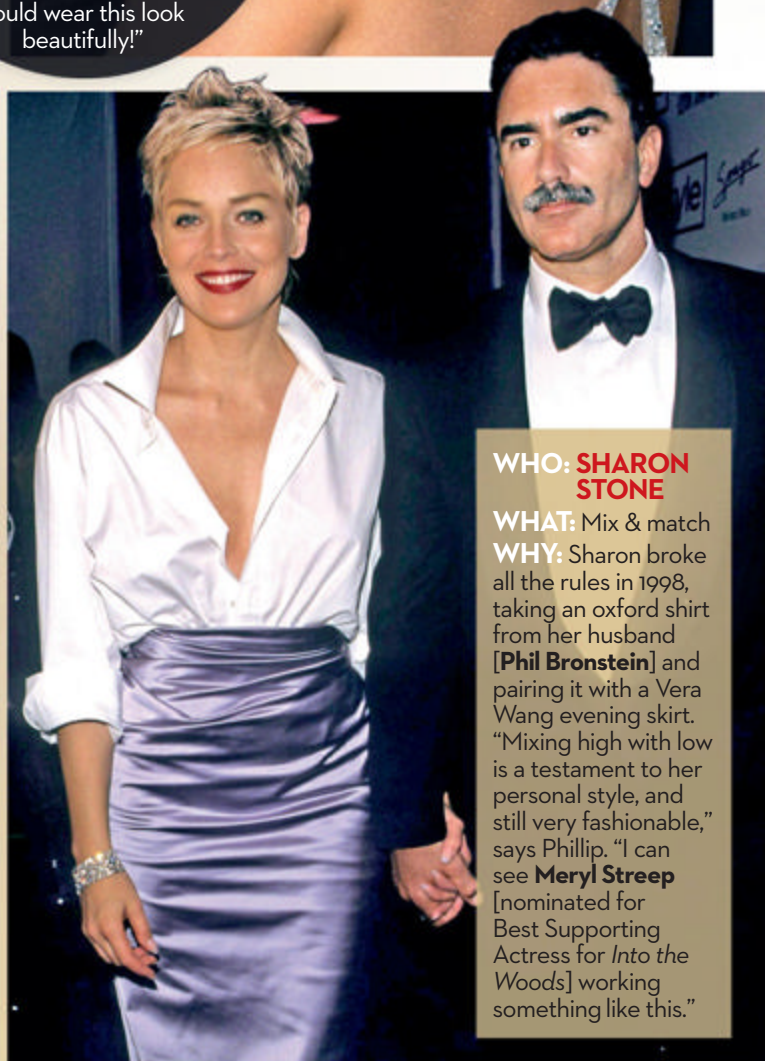

WHAT: Statement color
WHY: "This mustard-yellow Vera Wang dress brought color back to the red carpet in 2006," says Phillip. Michelle didn't win the Oscar for Best Supporting Actress in *Brokeback Mountain*, but she won the carpet: "With a Chopard necklace and bright-red lipstick, she completed the edgy look."

WHO: CHARLIZE THERON

WHAT: 1940s waves

WHY: "It's a nod to Old Hollywood," says Marcus about Charlize's 2004 look. "It's perfect for a red-carpet event because it's beautiful and sexy. **Rosamund Pike** [up for Best Actress for her role in *Gone Girl*] could wear this look beautifully!"

WHO: SHARON STONE

WHAT: Mix & match
WHY: Sharon broke all the rules in 1998, taking an oxford shirt from her husband [Phil Bronstein] and pairing it with a Vera Wang evening skirt. "Mixing high with low is a testament to her personal style, and still very fashionable," says Phillip. "I can see **Meryl Streep** [nominated for Best Supporting Actress for *Into the Woods*] working something like this."

WHO: CHER

WHAT: All-over sheer

WHY: "In 1988, you were more likely to see a salacious Bob Mackie dress like this onstage in Vegas," says Phillip. Cher fearlessly donned the stunner to accept a Best Actress Oscar for her performance in *Moonstruck*. "It took about 25 years, but stars from **Rihanna** to **J.Lo** have been inspired by her look."

WHO: AUDREY HEPBURN

WHAT: Strong brows

WHY: "Her brows add strength to her delicate features, which eventually made her look iconic," says Daniel about **Audrey**, who won the Best Actress award for *Roman Holiday* in 1954. Bushy brows are back. "A strong arch pulls everything together."

WHO: GWYNETH PALTROW

WHAT: Braided updo

WHY: In 2002, Gwyneth set the trend for wearing braids to formal red-carpet events, says Marcus. "It played well against the glamour of her dress and gained attention."

WHO: ANGELINA JOLIE

WHAT: Thigh-high slit

WHY: With a pop of her hip and a leg-baring pose, Angelina stole the show in Versace at the 2012 Oscars. "Not only did she make a bold, brazen statement, but her leg got an Instagram account dedicated to it," jokes Phillip. She skipped accessories in favor of simple black pumps, "this look was all about the leg."

KEEGAN ALLEN

STAR OF PRETTY LITTLE LIARS

OK! Q&A

He's taken on TV, film and theater, and now *Pretty Little Liars* star **Keegan Allen** is diving into the literary world with *life.love.beauty*. Listen in as Keegan spills on his first book, his costars and the elusive "A."

What made you decide to put this book together?

When I was 10, my father gave me a Leica M6, which is a little range-finder professional camera. I became obsessed with capturing moments and sharing them, so I kept photo journals. Now I want to share the experience and images with others.

You photograph your costars a lot. Who is the most fun to shoot?

Well, the girls from *PLL* are all amazing and very photogenic. I also shot **James [Franco]**,

Lana Del Rey and **Shia LaBeouf**. I wanted to showcase them candidly but also in ways that people aren't used to seeing.

You've been playing Toby on *PLL* for almost five years. Do you relate to him?

He's such an amazingly layered character, sometimes even I don't understand him! But I've definitely learned about love from him, because he's such a fearless romantic.

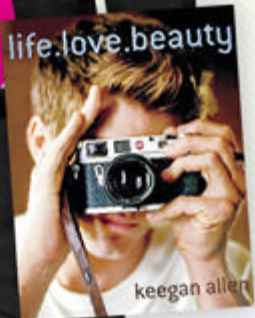

What have you learned about show business from your time on *PLL*?

I feel very lucky to be on a show where the cast is so supportive of one another's craft and passions. When I was doing my play in New York City last year, they all came out to see me. I think it's rare to have a cast that's so close.

Finally, any more hints about A's identity?

If you really look back at seasons 1 through 5, you'll see who A is. It's already available to audiences to figure out, which is what makes it so much fun.

Keegan's book *life.love.beauty* is on sale Feb. 3. *Pretty Little Liars* airs Tuesdays at 8 PM ET on ABC Family.

WHEN YOU DON'T KNOW WHAT TO SAY, STAND UP.

When someone you love is diagnosed with cancer, you have the power to help. There are many ways you can stand up and show that you care.

THEY TALK, YOU LISTEN. One of the most helpful and important things you can do is listen—without judgment and resisting the urge to give advice.

DON'T ASK, DO TELL. Instead of waiting to be asked for help when it is needed, be specific about what you can do and when, such as: prepare a meal, babysit, pick up groceries, help with pets, or provide rides to and from appointments.

LIVE AND LEARN. Educate yourself about your loved one's diagnosis and treatment. When you understand what a cancer patient is going through, you're better able to help keep information clear, track questions, and know how you can be most useful.

STAY CONNECTED. After the initial diagnosis, people tend to drift away. Be someone to count on for the long haul. Check in, send a quick note, or drop off a book. Small gestures go a long way.

Visit ShowThatYouCare.org to learn more about how you can stand up for someone you love.

SIZING UP SELENA

She's always been known for chubby cheeks, but fans were surprised to see **Selena Gomez**, 22, step out Jan. 21 with more than a few inches to pinch all around! The starlet, who is currently shooting *The Revised Fundamentals of Caregiving* in Atlanta, has been looking noticeably rounder, leading folks to wonder whether the weight gain is due to business (i.e., her new role) or pleasure (i.e., love pounds courtesy of rumored new beau **DJ Zedd**). Either way, Selena seems to be perfectly content with her fuller figure, sharing plenty of happy behind-the-scenes snaps from on set and at the studio, where she's collaborating — and getting cozy — with Zedd.

NOW

CHIN UP!

While many have been quick to call out Selena's extra pounds, some fans are happy to see her finally comfortable with herself. "So what if she put on a little weight?" one wrote online. "We need more actors who look normal, like the rest of us."

CELEBRITIES SAY THE DARNEDEST THINGS

"IF SHE MURDERED SOMEBODY IN COLD BLOOD, I WOULD LOVE HER."

—MILA KUNIS ON DAUGHTER WYATT

TALK ABOUT PARTNERS IN CRIME!

"SHE SAID, 'DADDY, I LOVE YOU SO MUCH... BUT YOU'RE SO CHUBBY!'"

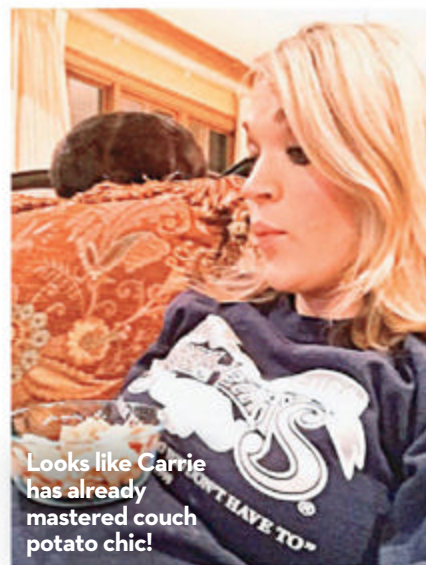

—DAVID BECKHAM ON DAUGHTER HARPER

SHE MUST GET IT FROM HER MOM!

CARRIE SKIPS THE GRAMMYS

Beyoncé, **Katy Perry** and **Madonna** all RSVP'd to the Grammys, but where was **Carrie Underwood**? Turns out the six-time winner had the best seat in the house — on her couch! "Travel's kind of out for me at this point," explained the Nashville resident, whose first child with husband **Mike Fisher** is due in the spring. "I can't fly that far away this late in my pregnancy, but, you know, I [might] get my hair and makeup done and watch it from my couch all dressed up like I'm there!"

Looks like Carrie has already mastered couch potato chic!

Esteemed movie critic Kim penned a quick review. "OMG it's sooooo good!!!!!" she tweeted.

KIM'S FIFTY SHADES SNUB

Yet another perk of celebrity: snagging an early look at one of the year's most anticipated films! **Kim Kardashian** tweeted that she was being treated to a private screening of *Fifty Shades of Grey* – a perfect "girls' night out" for famous people – but minutes later, it was apparent that the Super Bowl commercial star left a certain someone off the guest list. "And no invite!?!!" tweeted **Kendall Jenner** in response. We're with Kimmy on this one, though. Who wants to watch a sexy S&M flick with their little sister?

KYLIE'S LOVE-LY NEW LOOK

Blondes really do have more fun! **Kylie Jenner** ditched her brunette locks and upped the plump of her famous pout in a photo shoot for *Love* magazine. The reality TV star offered a sneak peek on Instagram of her makeover for the February 2015 issue, which features sis **Kim Kardashian** and supermodel **Cara Delevingne** on the cover. While Kylie's known for changing up her look, she says it's all part of growing up. "I feel like I'm young, and I'm rocker-punk one month and ghetto-fab the next," she told the mag. As for how she measures up to her trendsetter sisters? "I'm the one that's wild with my style," she declared.

"Meow! My baby girl looks insane for her shoot," wrote **Khloé Kardashian** of the sultry snap (left).
